

Congrats to the Satz Girls Field Hockey Team!

The Holmdel Girls Field Hockey team has had quite the winning streak and are playing at a very high level!! Congratulations to Coach Shea and the Holmdel girls Field Hockey Team for another amazing season. They have been undefeated two years in a row and finished this year's season 10-0. According to Coach Shea, the success of the teams for both years has been due to the motivation and enthusiasm of the players. Coach Shea states "Each year our returning 8th graders set the tone for the team; we were here to play, and we were here to win. That energy and just the sheer desire to win was something that kept us a level above the other teams. When our opponents started to slow down, my girls stayed high energy the whole game. My returners this year, Casey, Maeve, Ryann, Claire and Dani, really held themselves and the entire team to a high standard; the leadership they showed and the confidence they had in themselves pushed all the younger girls to become the best players they could be. Our first game of the season we scored the first goal in about two minutes off a 3 pass move up the field. This is something you'd see in a high school level game. It was then I knew I had another special team on my hands. I am so proud of all that they accomplished this year!"

Offensive stand out players were Casey Zammit and Maeve Flaherty. They led the offense the entire season. Both girls scored and assisted goals in every game. Casey finished the season with the most goals scored with 15 total, in only 10 games. Ryann Buchan and Claire Federle were the team's strongest midfield players and both helped the team offensively and defensively the entire season. Dani Bavaro was the strongest defender and tallied the most minutes per game at the end of the season. Some up and coming players to note are Madison Perrotti, Ella Roche, and Emily Minnick. All three 7th graders started every game and contributed greatly to the team's success.

This year's All-Stars were Ryann Buchan and Dani Bavaro. Ryann is the strongest overall player of the team. She is the only player to start every game in both 7th grade and 8th grade, and this year she led the team from the center midfield position. Dani was the unspoken leader of the team. She controlled the team through warmups and drills, would get the girls in line when focus was lost, and was constantly helping the girls with positioning and movement during games; she was like a little mini coach.

Congratulations again to an incredible team led by an incredible coach! Looking forward to next season!

Player	Uniform
Ryann Buchan	18
Claire Federle	9
Casey Zammit	5
Danielle Bavaro	15
Maeve Flaherty	12
Molly Lavin	16
